**Apply by 30th August at [www.space-academy.eu](http://www.space-academy.eu)**

The Space Academy is a two-part event for space-tech entrepreneurs to accelerate their business. The first part will be workshops, where participants receive coaching in small groups. The second part of the Space Academy is embedded into Primavera dell'Innovazione (9-11 December). The participants can attend this annual meeting gathering space entrepreneurs and innovation gurus from various business areas investigating specific topics on technology transfer and inspiring newcomers and researchers. It is the perfect venue to network, brainstorm and come up with new ideas and solutions. Please note that the registration to this event is included for those applying to the Space Academy and is free of charge.

**IASP**

International Association of Science Parks  
and Areas of Innovation

The SpaceUp project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement N° 776356.
