

DRAFT Program
Web-session: **“CoRdiNet”** WITH JÜRGEN VOGEL (BAVAIRIA AEROSPACE CLUSTER) ON THURSDAY 1ST OCTOBER AT 10.00 CEST
(Online event, 45 min. – 1h)

Target group: **NEREUS-members** with an interest in the European Earth Observation Program Copernicus and interregional collaborations; NEREUS-members with an interest to bid into EU/ESA-funding programs

Objectives:

- Share experiences of a consortium that bid successfully in a Horizon2020-call
- Learn more of co-operations within an EU-project
- Better understanding of the context of EU-funding
- Discussion and reflection on Copernicus-uptake and digitalization at regional level

Background:

The webinar will briefly present the CoRdiNet-project, a model project for Copernicus-relay, and its outcomes. Discuss with Jürgen Vogel and others on their experience when mobilizing and realizing a Horizon2020-funded project on the NEREUS-platform and share the experiences of an interregional cooperation at European scale.

Draft –Program:

- Brief impulse presentation **“What is CoRdiNet about & why NEREUS got involved** by Roya Ayazi, NEREUS Secretary-General (5 min)
- **Exchange with invited speaker Mr. Jürgen Vogel (bavAIRia Aerospace Cluster)**
- **Brief impulse statements by Associate Partners:**
 - Dr. Stefania De Zorzi, President of the European Institute for Technological Development (VENETO)
 - and others
- Questions/Comments by participants (moderated discussion)
- Closing
