AI4COPERNICUS DAY 2021

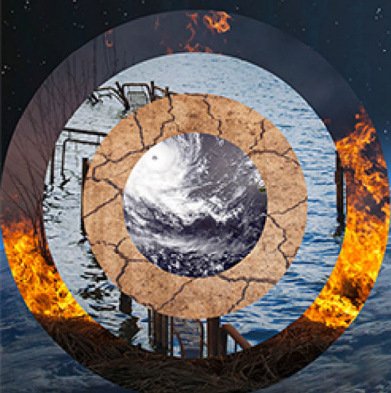

EO and IA for a Safer World

Artificial Intelligence & Earth Observation

30 NOV 2021

Royal Military Academy - Brussels - Belgium

www.ai4copernicus.org

The Copernicus Relays of Belgium (Skywin, ISSeP, Spacebel and VITO) have the pleasure of inviting you to their upcoming hot topic event **"Earth Observation and Artificial Intelligence for a Safer World"**, the second edition of the AI4Copernicus conference.

Come and meet international experts specialising in the use of AI and EO technologies to tackle challenges related to **Security and Defence**.

Looking forward to welcoming you on **30th November 2021** in Brussels or online.
