

Space 4 Critical Infrastructure

Introduction into the proposed EU-Directive on the resilience of critical entities

29 March 2022 | 10:00–11:00 AM CEST

The first webinar of Space 4 Critical Infrastructure will provide an overview on the state of play of the proposed directive on the resilience of critical entities (COM (2020) 829 final/2020/0365/COD). Different institutional players will introduce the legislative proposal, highlighting the novelties of the proposal and exploring potential controversies and open questions. The webinar will also provide a strategic perspective on current space technology developments and uses to sensitise the institutional players on the space dimension.

- **Welcome and introduction by organisers**
- **Introducing the legislative proposal by Max Brandt, European Commission, DG MIGRATION AND HOME AFFAIRS**
- **ESA presentation on space technology trends and perspectives by Michela Corvino, EO Security Applications Engineer**
- **"Copernicus and me" showcase, Aurelie Dehouck, i-Sea**
- **Q&A and closing remarks**
