

Vacancy: Secretary (Part Time)

NEREUS - Network of European Regions Using Space Technologies - is an initiative of 23 regions and 33 associate members with the common objective to spread the use and understanding of space technologies across Europe. It is the key mission of NEREUS, as a unique thematic network for matters of regional Space Use, to explore the benefits of space technologies for European Regions and their citizens. NEREUS' main activities focus on:

- Political Dialogue
- Interregional Co-operation & Partnership (Promotion and Outreach)
- Technological Trends and Developments relevant for future Space Solutions and User Needs

NEREUS devotes intense communication efforts to demonstrate and explain the added value of space uses as an enabling tool solving problems or meeting challenges at regional level with a direct impact on citizens' daily lives. Since its constitution, the interregional collaboration and interaction stimulated a number of initiatives making regional space activities more transparent and closer to the citizens.

The network has a Brussels based secretariat that is in charge of liaising with relevant European institutions, international networking, coordinating NEREUS-network activities and acting as a central interface for members and external parties.
