

Vacancy: Administrative/financial assistant (Part Time)

NEREUS - Network of European Regions Using Space Technologies - is an initiative of 23 regions and 34 associate members with the common objective to spread the use and understanding of space technologies across Europe. NEREUS, as a unique thematic network for matters of regional Space Use, focuses on:

- Political Dialogue
- Interregional Cooperation & Partnership (Promotion and Outreach)
- Technological Trends and Developments relevant to future Space Solutions and User Needs

NEREUS devotes intense communication efforts to demonstrate and explain the added value of space uses as an enabling tool for solving problems with a direct impact on citizens' daily lives. Since its constitution, the network stimulated strong initiatives to make regional space activities more transparent and closer to the citizens.

The network has a Brussels-based secretariat that is in charge of liaising with relevant European institutions, international networking, coordinating NEREUS-network activities and acting as a central interface for members and external parties.
