EDUCATION/TRAINING IN THE SPACE SECTOR X: UNRAVELING THE IMPACT OF EUROPEAN SPACE EDUCATION ON FUTURE LEADERS AND SUSTAINABLE EXPLORATION

EDUCATION AND TRAINING IN THE SPACE SECTOR, “UNRAVELING THE IMPACT OF EUROPEAN SPACE EDUCATION ON FUTURE LEADERS AND SUSTAINABLE EXPLORATION”

X SESSION 27 FEBRUARY 2024 11.00-12:30 CET

Programme 27 February 2024 (moderated discussion with participating partners):

- Introduction and moderation by Margarita Chrysoy, NEREUS Communication & Project officer (5 min);
- Presentation of ESERO ESA office in Greece by Ioanna Repanidou
- Introduction of the Luiss Business School Amsterdam by Fiorella Coliolo
- Space sustainability cases from NEREUS members: Auvergne-Rhône-Alpes Energy Environment Agency
- Moderated discussion (15 min)
- Discussion & QnA
- Closing

This 10th information session delves into the ways existing European Space Master's programmes and other educational initiatives equip the present and future workforce to address challenges and contribute to the establishment of a robust political framework for Europe. Additionally, the session will delve into the examination of the promotion of space sustainability within these programmes.
