**4TH EUROPEAN SYMPOSIUM
BY NEREUS REGIONS**

NEW SPACE FOR MULTIPLE CHALLENGES
RESILIENCE & SUSTAINABILITY

Call for best practices to address
Civil Protection, Blue Economy and Defence & Security
at local and regional levels.

4TH EUROPEAN SYMPOSIUM BY NEREUS REGIONS

NEW SPACE FOR MULTIPLE CHALLENGES
RESILIENCE & SUSTAINABILITY

Symposium objectives

The symposium aims to **connect regional and local authorities with service providers, including companies, startups, research institutions, and universities**, to explore how space-based solutions address these challenges.

The program will feature:

- **State-of-the-art discussions** on New Space technologies
- **Future reflections and best practices** at the regional level
- **Insights from local and regional authorities** on their challenges and needs
