## PROGRAMME

**Objectives:** This webinar aims to provide an overview of the Horizon Europe Cluster 3 program and context, focusing on funding opportunities, key thematic areas, and practical steps of the bid procedure:

- Improve participants awareness of Horizon Europe Cluster 3 funding opportunities
- Introduce into the Cluster 3 Work Program and upcoming Calls
- Promoting insights into how participants can align their projects with EU priorities in civil security
- Stimulate interaction and exchange of European stakeholders from the security domain, networking among potential project partners (matchmaking)
- Enhancing a clear understanding of the application and evaluation process and practical steps linked
- Partnering interested participants: Facilitate 1-2 meetings on topics with most interest.

### Target Audience:

- NEREUS community
- Research community and academia
- Representatives of regional administrations and their entities
- SMEs and industry professionals working in security-related fields
