DESCRIPTION, OBJECTIVES & TARGET AUDIENCE

Short description of the session:

The French Member of the European Parliament (MEP) François KALFON follows the negotiations of the space package as rapporteur of the opinion of the IMCO Committee (Internal Market and Consumer Protection). He will set out his views and political priorities for the package and give first-hand feedback from the current state of negotiations. The IMCO Committee is expected to adopt its report on March 26th.

Series of online events, Time duration: 90 minutes

Objectives:

This webinar aims to

- Present the views of the co-legislators (the European Parliament and the Council) and of the Committee of the Regions to gain a clearer understanding of the current state of play in the negotiations. What are political priorities? On which items are controversial views?
- Better understand the scope and objectives of the EU Space Act, and how it will impact different stakeholders along the value chain and public authorities.
- Stimulate interaction and exchange of European stakeholders from relevant domains to exchange on their different viewpoints and perspectives.
